# WHAT WE DO

## A FULLY MANAGED MODEL

*VendEase supplies fully managed vending machines to UK businesses, headquartered in London, with a regional presence in the Midlands, the North West and Scotland.*

*Unlike other providers that require you to purchase, lease, or manage machines, we take care of everything - at no cost to you.*

*Our approach is straightforward: we place, stock, maintain, and monitor our machines, ensuring they deliver maximum value with zero hassle for your business.*

# WHY WE DO IT

## SERVICE

*At VendEase, we embrace the concept of service.*

*We believe that vending is about more than just placing machines; it is about enhancing everyday moments with convenience and care.*

*We love that our machines serve people where they are, meeting their immediate needs and creating moments of comfort and relief.*

*We love serving YOUR clients, staff and visitors.*

# OUR MODEL

## No Cost

*No upfront costs, leases, or maintenance fees—our vending machines are placed at your location completely free of charge.*

## Fully Managed

*Our fully managed service handles everything from stocking to maintenance, ensuring seamless operation without any effort or oversight required from your team.*

## Technology Driven

*With our advanced telemetry technology, we monitor stock levels in real time, ensuring seamless restocking so your vending machine is always ready to serve.*

## Revenue Sharing

*When the vending machines exceed performance thresholds, a 'no-cost' service becomes an income stream for your business.*

costs, leasing, or maintenance worries.*

## Diversify Your Offering -

*New opportunities to add machines to  
client sites or as a stand-alone solution.*

## - Smart Inventory Management

*Our advanced telemetry technology  
monitors stock levels in real time.*

## Customisable - to Your Business

*Machines designed to complement  
your existing food service setup.*

---

*All machines offer revenue share opportunities!*

**- 1 - We Install**

*You choose the location,  
and we handle the setup.*

**- 2 - We Stock  
& Maintain**

*Our telemetry ensures your machines  
are always topped up and issues  
are resolved quickly.*

# HOW IT WORKS

**3 - Your Facility  
Benefits**

*You get on demand vending, 24/7,  
giving you what you want, when you  
need it, hassle-free.*

## SUMMING IT UP

*Founded by Dave Berman and Jonny Holmes, VendEase is built on the belief that businesses and organisations deserve a hands-off solution that just works.*

*From product selection to restocking and maintenance, we handle it all — so our clients can offer high-quality, well-stocked machines without lifting a finger. It's vending, reimagined for the modern world.*

*VendEase founders, Jonny Holmes and Dave Berman*
